# Sunlight grows the Many Americans prefer

beer in a light bottle. Most brewers follow the course

of least resistance.

Light starts decay even in pure beer. Dark glass gives protection against light.

Schlitz is sold in brown bottles, to protect its purity from the brewery to your glass.

The first Schlitz was brewed in a hut over 60 years ago.

Now our agencies dot the earth. Our output exceeds a million barrels a year.

If you knew what we know about beer, you would say, "Schlitz-Schlitz in Brown Bottles."

#### Easy-Going Ruler.

The famous German traveler, Otto Ehlers, tells of an easy-going Chinese prince whom he visited in the Laos states, while on his way from Stam to Tonquin. This prince leaves public affairs to his wife, and when he has papers to sign he does so without look ing at them. He has had his throne placed in the altchen of the paince, so that he can receive visitors and watch the preparation of his means at the same time. His subjects are the most contented people imaginable, and Mr. Ehlers thinks that he has discovered the plot for a new comic opera in this
